

Hi Guys,

I trust this finds you all well!

CHARTER BOAT

Following on from our meeting night where interest was shown from a number of members to book another Charter through this year, Mick Overton has been able to secure a trip on the Competition Weekend in May. Saturday the 23rd.

As the first two trips have been used exclusively by members we trust this trip can have a similar outcome.

Please do not hesitate to contact Mick to book your spot now. Cost is \$100 per head. CASH prizes of \$50 to best and most fish caught.

COMPETITIVE Challenge from ST GEORGE & Sutherland anglers club.

Earlier this year we wrote a letter to this club and their treasurer who is a friend of mine to see whether they would have an interest to keep an old tradition alive.

Many years ago in 1988 we commenced an interclub rivalry where against this club with a membership of approx. 200, we contested a perpetual trophy called "The Biggest Mixed Bag"

The proud but undermanned MFC Boys, won it in first 3 years 1988.89.90 then they didn't return.

Alas, some years later in 2013 the story was reborn when both clubs met at our our trip away to Greenwell Point. A more balanced team from both sides played and you guessed it we won again.

They owe us an engraving job on the trophy for this. The trophy is in safe keeping at our club house but we would like to convene another chapter, and pull their pants down again.

They have proposed 2 dates to see if members from our club would like to go to their club house, use their ramp, car park and facilities and contest a small boat fish off. It is well located at Taren Point giving immediate access to the bay.

Other dates options could be considered, but for now they are suggesting the Sunday of our comp weekend in April on the 12th. Or an out of our comp weekend on the Sunday 3rd of May. we can restrict the contest to the Bay area only. It would be good if we could consider this, to carrel 4 to 5 boats from our club to participate. Please feel free to discuss and let me know so I can get it moving if we have sufficient interest.

MID YEAR FUNCTION PROPOSAL

As a member of Kingsgrove RSL along with quite a few other members, I noticed this dinner and show (attached) coming up on Saturday the 25th July.

The listed price is for: show, 2 course dinner and your first 4 drinks free. Bookings need to be made on the 3rd of May, I would like to suggest that this could be a suitable event for the club to entertain as our Mid Year function.

We would look to organize a bus with Mick O to get us there and back and safely. When we can consolidate interest and numbers, we can offer an indicative cost per head to attend.

Again have a think about this and lets try and get a consensus.

Finally, i am not sure and this time that i can attend the next monthly meeting, so please consider these points for discussion when you do get together.

Internationally acclaimed

THE EAGLES SHOW - DESPERADO

With the songs that shaped the 70's

Saturday 25th July, 7pm

2 course meal & 4 drinks

Tickets \$40pp

Bookings essential

Seating will be limited

Tickets on sale Monday 4th May 2015

ONLY WORKING SMOKE ALARMS SAVE LIVES

MEET YOUR LOCAL FIRES
- and keep your home fire safe

You might think fire is one of those things that will never happen to you. However, unless you take a few simple steps to protect your home, the chance of accidental fire is greater than you realise.

The RSL and Services Clubs Association of NSW has teamed up with Fire & Rescue NSW to help you keep your home and your loved ones safe. In April firefighters from Campsie Fire Station will be popping in to Kingsgrove RSL Club to say hello and provide some simple fire safety tips.

Did you know Fire & Rescue NSW recommend you change your smoke alarm battery every 12 months - at the same time you change your clocks for daylight saving? It's one small step that could save your life. If you struggle to keep your smoke alarm in working order yourself, your local station can help you, completely free of charge!

Look out for more details around the club to find out when your local firefighters will be visiting. You can also read more about Fire & Rescue NSW at www.fire.nsw.gov.au.
