THE THINGS WE HEAR!

FACT: Congratulations to the following members who have a birthday in January, Peter R*****.

FACT: There are some interesting stories about the one that got away starting to surface amongst the members. This time it isn't about fish that got away but more about an 'oily' story that maybe should have been a serious contender for the annual "Dumb & Dumber" award. Lets' just say that if you butcher an oil change in the future you will need to be very very careful!!!!!!!

Did you miss out on a copy of the end of year DVD?

We do have some copies available for those who missed out. They will be available at the February meeting.
